Dear Dr McCarley,

I very much appreciate your help. As suggested, I will follow the schedule outlined by Dr Mushrush until you get a chance to discuss the issue again. I feel embarrassed, and am sorry to keep bothering you, but I genuinely feel that you did not get correct information. I will try my best, not to complain again.

Dates of my in-patient rotations are as follows:

Nov 1999: Dr Sepulveda  
 Dec 1999: Dr Sepulveda  
 Jan 2000: Dr Chang  
 Aug 2000: Dr Alexander  
 Nov 2000: Dr Festin  
 Dec. 2000: Dr Festin  
 Apr 2001: McLean, Dr Villa  
 May 2001: Dr Chang  
 June 2001: Taunton, Dr Angeles  
 July 2001: Corrigan, Dr Harrop  
 Aug, 2001:Corrigan, Dr Harrop

Total: (9 months inpatient psychiatry + 2 months inpatient substance abuse)

Raj

Hi Raj,

My understanding of your situation when I discussed with Dr. Swett and Dr. Mushrush was somewhat different.

However, I will discuss your email with them, hopefully tomorrow, but I do not know their schedule. Meanwhile I think you should follow the residency program schedule outlined by Dr. Mushrush.

Best wishes,

Bob McCarley

Dear Dr McCarley,

I am not sure, if you had a chance to discuss my residency issues with Dr Swett. I have been asked to begin repeating inpatient rotations, starting Monday. The Board requires 9 months' inpatient training, and I have completed 11 months' training (same duration as the other residents of our program), and have passed all of these rotations - many of them with an outstanding evaluation. I do not know, why I am being asked to repeat. If there is no particular reason, I would request you to please allow me to join the
